"Uh... This sort of pose... But I'm a guy!!"

Mikoto, the son of a big banking family, is one night caught in the plot of a rival bank and suddenly becomes penniless! The only one who will help him is the honored son of the suspected rival bank, the bank's vice-president Marehiko. He hires Mikoto to work for him as a...maid!? To make matters worse, whenever he makes a mistake there are sexual penalties! Can he live through this trial of daily sexual harassment by his master!?
